## NAGARI SHORT FILM AWARDS 2025

The programme includes the award ceremony, screenings of the Nagari Short Films 2025, and panel discussions on this year's theme – the 'Public Realm in Urban India' with the Nagari mentors and jury.

The afternoon will commence with the screening of  
**City on the Water by Charles Correa (1975)**

This film opens by capturing a city bursting at its seams and sets the tone for an urgent call to action. Made in 1975—exactly fifty years ago—the film was part of Correa's broader effort to convince city authorities of the pressing need for Bombay's expansion across the harbour
